New Cubi OAuth Facebook Setting

Updated Mar 13, 2014 by [rockys...@gmail.com](#)

Guide of how to setting Facebook OAuth on Cubi

Despite i had made a wiki page about how to setting Google OAuth on Cubi.

But every manufacture like Google or Facebook or Twitter all have different OAuth setting and apply process.

So for let all the others avoid wasting time to figure out how to set up the Facebook OAuth on Cubi i made this wiki page.

Step1: Open Facebook OAuth window under Extension Module

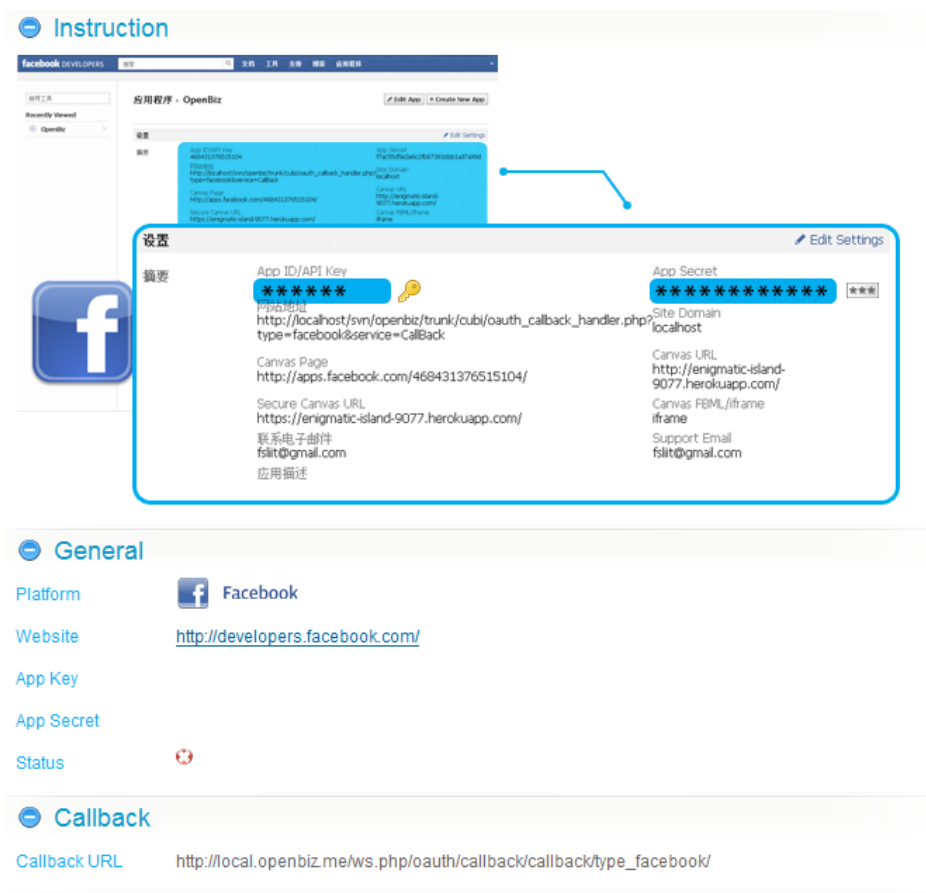

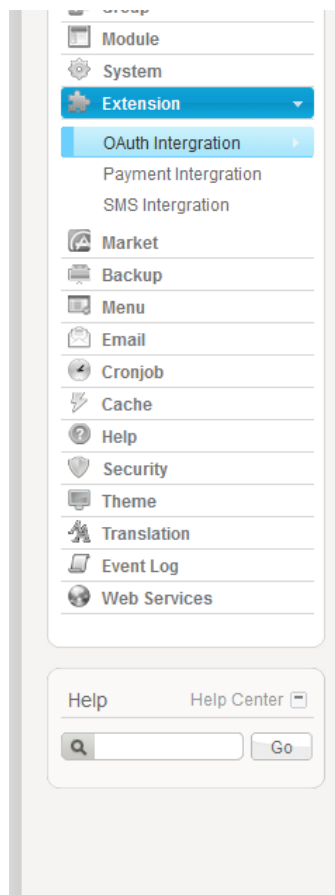

- Group
- Module
- System
- Extension**
 - OAuth Intergration**
 - Payment Intergration
 - SMS Intergration
- Market
- Backup
- Menu
- Email
- Cronjob
- Cache
- Help

Setting

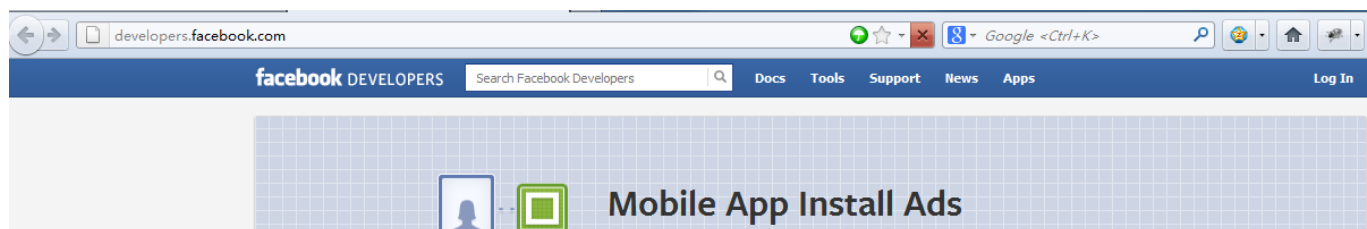

Platform	Status	App Key	Update By	Update Time	Sorting	Action
新浪微博	<input type="checkbox"/>		System, Admin		50	<input type="button" value="Edit"/>
腾讯微博	<input type="checkbox"/>		System, Admin		50	<input type="button" value="Edit"/>
支付宝	<input type="checkbox"/>		System, Admin		50	<input type="button" value="Edit"/>
Google+	<input checked="" type="checkbox"/>		System, Admin	2012-11-16 10:10:14	50	<input type="button" value="Edit"/>
Facebook	<input type="checkbox"/>		System, Admin		50	<input type="button" value="Edit"/>
新浪微博	<input type="checkbox"/>		System, Admin	2012-11-16 17:40:33	50	<input type="button" value="Edit"/>
twitter	<input type="checkbox"/>		System, Admin		50	<input type="button" value="Edit"/>

Show Rows

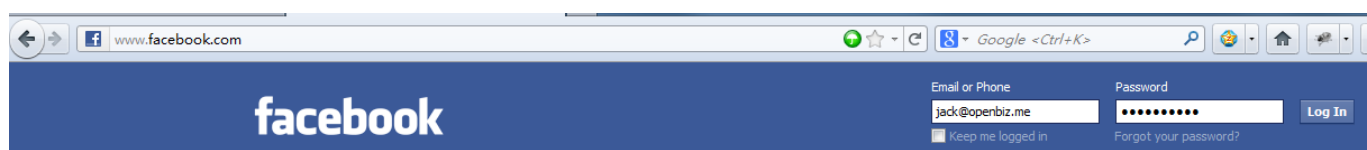

Step2: Here we can see the Facebook OAuth apply URL and Callback URL

Step3: Go to developers.facebook.com

Step4: Log in with your own Facebook account

Step5: Follow the instruction

facebook Search for people, places and things

Step 1 Email Address Step 2 Phone Number Step 3 Security Question

Update Your Security Information

Overall Protection: ■ Low [?]

If there is ever trouble with your account, you can use this information to reset your password and log back in. It's also easier for people to keep in touch.

Security Question

Choose a security question that only you can answer.

Choose A Security Question

Save and Continue

Step6: Now click Create New App

Facebook defined OAuth is a kind of APP

facebook DEVELOPERS Search Facebook Developers Docs Tools Support News Apps Jack Lee

Apps

+ Create New App

Welcome to the App Dashboard.
Create an app to start integrating with Facebook or jump into the docs.

Websites
Using Facebook on your Website allows you to create a more personalized, social experience using Social Plugins such as the Like Button and simplifies your registration and sign-in process using Login Button and Registration Plugin

Step7: Name your own App

facebook DEVELOPERS Search Facebook Developers Docs Tools Support News Apps Jack Lee

Apps

+ Create New App

Welcome to the App Dashboard.
Create an app to start integrating with Facebook or jump into the docs.

Websites
Using Facebook on your Website allows you to create a more personalized, social experience using Social Plugins such as the Like Button and simplifies your registration and sign-in process using Login Button and Registration Plugin

Create New App

App Name: [?] jack-lee-2012

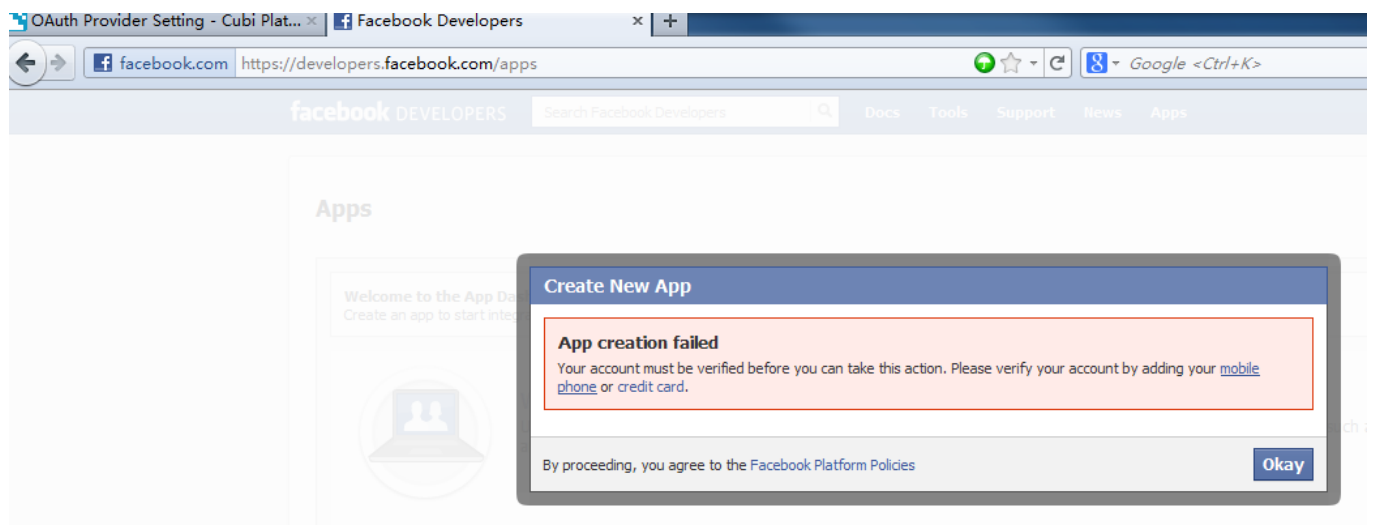

App Namespace: [?] Optional

Web Hosting: [?] ☒ Yes, I would like free web hosting provided by Heroku (Learn More)

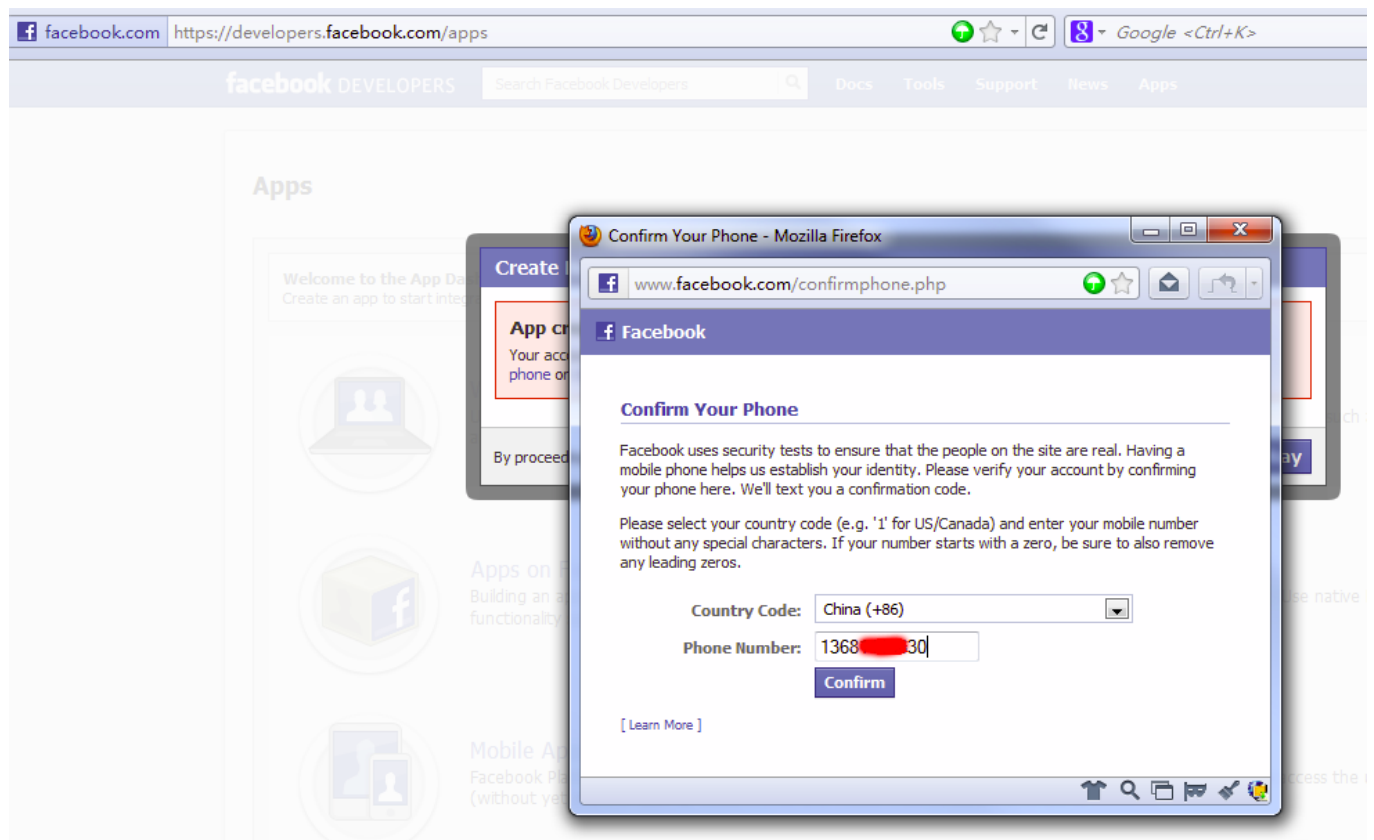

By proceeding, you agree to the Facebook Platform Policies

Continue Cancel

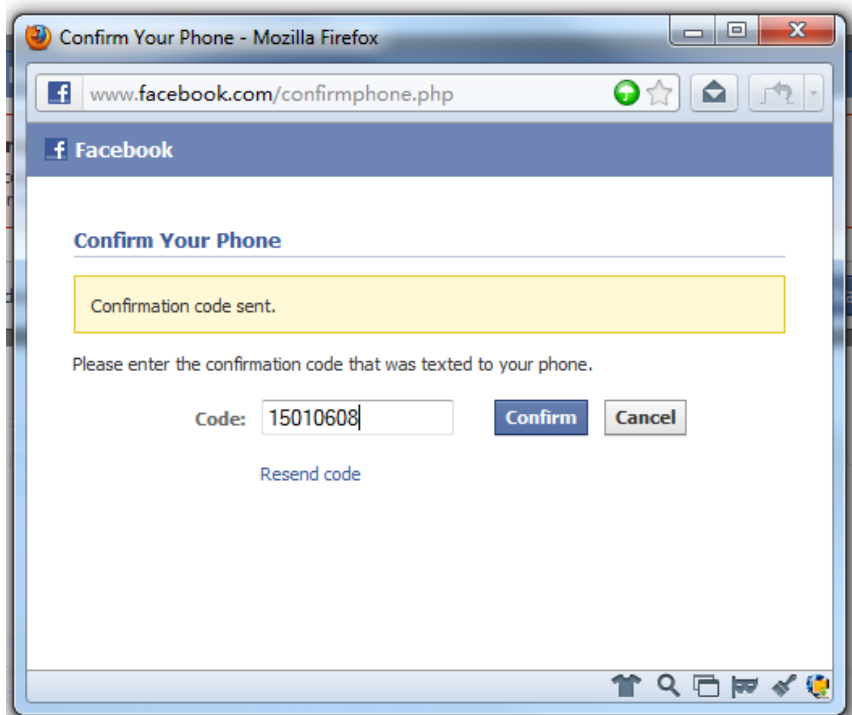

Step8: It is will ask you verify you own APP from mobile or credit card
